# OUR FACILITY

Welcome to Sanul Engineering (Pvt) LTd, we are one of the largest and most trusted electrical panel board manufacturers in Sri Lanka. Within 12 years of service history company has become one of the most preferred electrical panel board manufacturers for both private and government projects across Sri Lanka and Maldives.

Our Factory is organized as a modern manufacturing unit with high tech equipments and spacious environment. At Sanul Engineering (Pvt) LTd, we leverage state – of – the – art technology and precision engineering to craft fully customized and ready to install electrical panel boards that meet the highest standards of safety and quality prescribed by all regulatory authorities. We use latest machinery and equipments to design, fabricate and install the Power Panels.

## OUR TEAM

Our experienced design team work closely with the customers to understand and evaluate their requirements and all designs are shared for approvals before manufacturing commences.

We have well qualified and experienced **Chartered Engineers, Technicians, designers** and other work force to get the maximum level of output quality at a very short period.

# Assurance on quality

## Using of leading Brands only

We use the most valuable and trusted brands in the world for manufacturing our power Panels. We buy these only from direct suppliers or reputed dealers only to get the benefit of prestigious factory warranty.

**Schneider**  
Electric

 **DELAB**

Advance Composites

**LUVATA**

  
**CITEL**

 **socomec**  
Innovative Power Solutions

# Testing & Verification

Testing with modern testing equipment for testing and verification of the Power Panels

- HIGH VOLTAGE INSULATION TESTER , AC CLAMP METER , AC CLAMP TESTER CM 3281
- Complete System Inspection, Verification & Testing of Circuit Breaker/ Switchgear Through **Primary Injection**

## Our Service Guarantee

At SANUL ENGINEERING, we take extreme pride in customer service and it reflects in our large and growing list of clientele. To ensure 100% quality and adherence to customer satisfaction, we offer:

**24x7, 365 Days**  
customer support with  
minimum turnaround time.

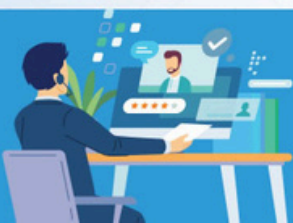

After sales and  
service support

Emergency calls  
and service guarantee

Annual Preventive  
Maintenance/  
Service Contracts

Consultation on existing  
installations/Retrofit /Modification  
& Expansion oriented jobs

# Our Products

## All Types of Low Voltage Panel Boards

Power Distribution Panels, Control Panels of any type, IP 65 type outdoor panels, Power Panels for Solar Power Systems )

**Cable Trays**

**Cable Ladders**

**Direct Lightning Arresters**

## Over 12 Years of reputed name

Our business has over 12 years experienced in fabricating electrical panel boards and supplying electrical products. We have successfully completed many projects for organizations and businesses.

## Innovative Products

We ensure that our products are continuously improved and tested to help match your electrical design project. We provide our clients with highest quality of electrical products with warranty.

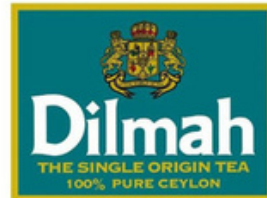

## Professional Team

Our people are highly trained and competent in panel board design and fabrication projects. We offer complete panel board system installation and field services. Our loyal clients have shown great faith in our electrical products and competency.
